I/We confirm that I/we wish for my/our cryopreserved eggs / sperm / embryos / donor sperm/eggs/embryos (delete as necessary) to be imported and stored at Centre No: 0316 – CRGW.

I/WE understand that:

1. Whereas every possible care will be taken in the storage/thawing of specimens and the maintenance of equipment, the CRGW can take no responsibility for problems associated with the equipment or with this technique.
2. A bill will be sent to me a year after the initial import of my samples and thereafter annually to cover the costs for the year ahead. If I do not reply, a further bill will be sent one month later. Finally a recorded delivery letter will be sent. If this is returned and/or no payment is received within 30 days of sending, my samples will be discarded. It is my responsibility to inform the CRGW of any changes of address.
3. The samples will be stored under the current storage consents that were completed at the original clinic where the sample were frozen. If specific requirements are met, storage consent can sometimes be extended and if required, this would be dealt with by the CRGW team when required.
4. If the gamete(s)/embryo(s) imported require different consumables/thawing kits that are not stocked as standard at the CRGW clinic, then I/We understand that I/We will be liable to cover this cost.
5. No guarantee can be given that a pregnancy will be achieved following treatment with frozen samples.
6. I/We am/are responsible for informing the CRGW of any change in circumstances, i.e. name, address of contact telephone number.
7. I/We give our consent to the CRGW contacting the sending clinic by the most appropriate means possible with my/our personal details to arrange the import (this includes email/fax/phone etc.)
8. I/We also consent to being contacted by the CRGW via email (if required) to make necessary arrangements for the import.
9. I/We acknowledge and agree to our personal information being used as required, as outlined in CRGW's privacy statement which can be found on CRGW's website.
10. I/We acknowledge that the terms of this agreement will also apply to any future imports into CRGW

I/We acknowledge that CRGW cease to have any legal responsibility for these eggs / sperm / embryos (delete as necessary) once they have been transferred from their care.
